Monitors

- Model: VT7WQDVR
- Single, Split & Quad Screen Modes
- Single & Split Trigger wires
- Built in DVR (SD card required)
- auto dimming and day time brightness
- 10V-32V

- Model: VT9WQDVR
- Single, Split & Quad Screen Modes
- Single & Split Trigger wires
- Built in DVR (SD card required)
- auto dimming and day time brightness
- 10V-32V

Cameras

- Model: VT671DW
- Features a 120° view
- 10V-32V
- IP69K

- Model: VT671-69
- Features a Narrow 69° view
- 10V-32V
- IP69K

- Model: VT268FL
- Features a Narrow 45° view
- strong magnetic base
- 600mm antenna lead
- 10V-32V
- IP69K

Kit Codes

VT7WQDVR

1 x VT7QDVR 7" Monitor
1 x VT671DW camera

VT9WQDVR

1 x VT7QDVR 9" Monitor
1 x VT671DW camera

VT9WQDVR

1 x VT7QDVR 9" Monitor
1 x VT671DW camera
1 x VT268FL camera

VT7WQ268

1 x VT7QDVR 7" Monitor
1 x VT268FL camera

VT9WQ268

1 x VT7QDVR 9" Monitor
1 x VT268FL camera

VT9WQ268

1 x VT7QDVR 9" Monitor
1 x VT671DW camera
1 x VT268FL camera

Accessories

VT509

7Ah Compact Battery magnetic base

VT560

Contourable dash/ wind-shield mount included

VT550

Clamp Mount (optional)

VT540

Overhead Bracket (optional)

VTAC539

Magnetic Camera Base (optional)

Wireless Range

The Viewtech monitor comes with two di-pole style antennas in order to maximise signal quality and range. In some situations directional signalling may be required. In these situations additional antennas can be added to the system. These comes with leads so that the antenna can be mounted outside the cab etc.

12dBi Directional range booster. Comes with 2m RF lead.

18dBi Directional range booster. Comes with 2m RF lead.

Playback & DVR

The DVR system creates standard AVI files which can be played back on any PC or MAC. Files are time and date stamped and can be easily shared, copied and emailed. The system can accept up to 128GB micro sd cards and once full it simply starts to overwrite itself. You will always have a rolling period of time which can be reviewed. (see record times below)

Record Times

| Mode / Card Size | 8GB | 16GB | 32GB | 64GB | 128GB |
|----------------------|-----|------|------|------|-------|
| Single 640 x 480 | 14h | 28h | 55h | 110h | 220h |
| Quad 320 x 240 (x4) | 11h | 22h | 43h | 86h | 172h |
| Split 400 x 480 (x2) | 13h | 25h | 50h | 101h | 201h |
